### **Scholarships and Financial Aid**

As we develop The Scholar Ship into the most distinctive international education program today, we are committed to ensuring our student body and staff are as diverse as possible. To make certain we achieve the socio-economic and geographic objectives of our student diversity goals, we have established a generous grant fund to help make the opportunity of a lifetime a reality for everyone. You may indicate your interest in receiving a grant or financial aid on the application for admission.

We gladly accommodate students who depend on funding from external sources to ensure their financial aid or scholarship funds can be properly directed for payment of our program. Please do not hesitate to contact us for assistance. In most cases, you can follow these steps to navigate through the process:

1. Contact your financial aid, study abroad or educational advisor to inquire about financial assistance for study aboard The Scholar Ship;
2. Complete all necessary forms/documents relevant to qualify for funding;
3. When applicable, list Macquarie University as location of study for The Scholar Ship program, as Macquarie University will be the institution issuing transcripts; and
4. If you are accepted to the program, complete the Payment Deferral Form and return it with a 2,000 USD deposit to the address above. Attach all necessary forms verifying proof of financial assistance where applicable. Once our Student Accounts Department receives and verifies information regarding your funding, you may qualify to defer your payments and/or receive an updated billing schedule, which you are expected to follow.
